

Safety Data Sheet	
1. Identification	
Product Name:	Apricot Kernel Oil
Botanical/INCI:	<i>Prunus Armeniaca</i> Kernel Oil
Synonyms:	N/A
CAS Number:	72869-69-3
Product Uses:	Personal Care
Manufacturer/Supplier:	Amrita Aromatherapy, Inc.®
Address:	1900 W. Stone Ave., Suite C Fairfield, IA 52556
Phone:	1(800)410-9651 or 1(641)472-9136
Fax:	1(641)472-8672
Emergency Contact:	Poison Control: 1(800)222-1222
2. Hazard(s) Identification	
Appearance:	Golden liquid
Signal Word:	Warning
Statement of Hazard:	This product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 & any further amendments, nor to those having recognized exposition limits. However, Risk and Safety statements have been provided as a courtesy below. Care should be taken when handling hot oil as it may constitute a burn hazard. Spills can constitute a slippage hazard.
Risk and Safety Statements:	R10 – Flammable R22 – Harmful if swallowed R65 – Harmful: may cause lung damage if swallowed S62 – If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label where possible.
Aspiration Toxicity:	Not listed
Skin Irritation:	Not listed
Skin Sensitization:	Not listed
Acute Aquatic Toxicity:	Not listed
Chronic Aquatic Toxicity:	Not listed
Flammable Liquids:	Category 1
Classification according to EU Directives 67/548/EEC or 1999/45/EC. For the full text of the R-phrases mentioned in this Section, see Section 16.	
Hazards	
Symbol(s) Writing	Pictogram(s)
None	No signal word, pictograms, hazard or safety phrases required (EU Regulation. 1272/2008 CLP)
3. Composition / Information on Ingredients	
Ingredients List: 100% Apricot Kernel Oil	
<i>(See Section 8 for Exposure Limits)</i>	

4. First Aid Measures	
General Advice:	The product does not belong to any list of substances supposedly hazardous to human or animal health according to EU Regulation 1272/2008 and further amendments, nor to those having recognized exposition limits. Care should be taken when handling hot oil as it may constitute a burn hazard.
Eye Contact:	Rinse with sterile water. Remove any contact lenses.
Skin Contact:	Wash off with soap and water
Ingestion:	If swallowed do not induce vomiting, seek medical advice.
Inhalation:	Oil is nonvolatile; however, it is always best to avoid active inhalation.
5. Fire Fighting Measures	
Extinguishing Media:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Do not scatter spilled material with high pressure water streams.
Hazardous Combustion Products:	This product may only form ignitable mixtures or burn above the flash point. Dangerous combustion products include smoke & oxides of carbon.
Fire Fighting Procedures:	Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. CAUTION: Use of water spray when fighting fire may be inefficient.
Fire / Explosion Hazards:	This product may only form ignitable mixtures or burn above the flash point.
6. Accidental Release Measures	
Health and Safety Precautions:	Not toxic to humans.
Measures for Cleaning and Collecting:	When possible, recover spilled product. When product must be discarded, do so into an authorized dump or recycling service station. Act in accordance with Local, State and Federal regulations
Measures for Environmental Protections:	Contain the leak with earth or sand. Prevent from entering drains and sewers; if this cannot be done advise the local authority.
Additional Considerations for Large Spills:	Spills constitute a slippage hazard. Absorb spillage onto sand or earth. Transfer to a suitable container for disposal.
7. Handling and Storage	
General Handling:	Avoid spillage and eye contact (gloves and goggles recommended). Good general ventilation required.
Storage Conditions:	Store at ambient temperature in a dark container. Store away from oxidizing substances e.g., Bleach. Store in full containers; Stainless Steel for bulk or glass for small quantities.
8. Exposure Controls / Personal Protection	
Exposure Limit:	Not available

Engineering Controls:	Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Ensure that eyewash stations and safety showers are proximal to the work-station location.
Environmental Exposure Controls:	Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.
Personal Protective Equipment (PPE):	Being a non-toxic product, no particular protection measure is needed. However, non-slippery shoes according to accident prevention rules should be used.
Hands:	Gloves should be worn.
Eyes:	Not required as a non-toxic product, however we still recommend taking precautions by wearing protective eye-wear when handling the product.
Skin:	Wash hands thoroughly after handling.
Respiratory Protection:	No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.
9. Physical and Chemical Properties	
Physical State:	Liquid
Liquid Color:	Yellow
Odor:	Characteristic
Molecular Weight:	Not available
Water Solubility:	Insoluble
Boiling Point (°C):	>100°C.
Vapor Pressure (kPa):	Not available
Vapor Density (g/mL):	Not available
Flash Point – Liquid (°C):	>280°C
Upper Explosive Limits:	Not available
Lower Explosive Limits:	Not available
Polymerization:	Not available
Specific Gravity 20°C:	0.910 – 0.930
Refractive Index 20°C:	1.455 – 1.480
10. Stability and Reactivity	
Chemical Stability:	The product is stable.
Conditions to Avoid:	Excessive heat
Incompatible Materials:	Avoid flames and strong oxidizers
11. Toxicological Information	
General Information:	Non-toxic
Acute Toxicity:	ORAL: Expected to possess a relatively low degree of acute oral toxicity (LD 50 expected to be >2000 mg/Kg)
Oral	
Dermal	DERMAL: Expected to be practically nontoxic by dermal route.
Irritation / Sensitization:	Slightly hazardous in case of skin contact (irritant, permeator), of ingestion, of inhalation.
Skin Absorption:	No data available

Carcinogen Status:	Not listed
12. Ecological Information	
Environmental Overview:	No data available
Eco-toxicity Effects:	The environmental impact of this product has not been fully investigated.
Chemical:	No data available
Persistence and Degradability:	90% (OECD)
Bio-accumulative Potential:	None
Mobility in Soil:	Low
Other Adverse Effects:	No data available on product.
13. Disposal Considerations	
Waste Treatment Methods:	<p>The product decomposes biologically. No particular measures are needed therefore, nor any precautions in case of accidental spilling. If the product gets spilled on the floor, it is advisable to absorb it with sand or wood dust to avoid hazardous slipperiness.</p> <p>When product must be discarded, do so into an authorized dump or recycling service station. Act in accordance with Local, State and Federal regulations.</p>
14. Transport Information	
<i>The following refers to all modes of transportation unless specified below. This material is regulated for transport under DOT, ADR, IMDG, and IATA regulations.</i>	
UN Number:	None
UN Proper Shipping Name:	Not regulated - Not Dangerous Goods
Transport Hazard Class(es):	Not regulated - Not Dangerous Goods
Packing Group:	Not regulated - Not Dangerous Goods
Flash Point (°C):	>280°C
Marine Pollutant:	Not regulated - Not Dangerous Goods
15. Regulatory Information	
FDA Regulation:	FDA PART 182 -- SUBSTANCES GENERALLY RECOGNIZED AS SAFE Subpart A--General Provisions, Sec. 182.20 Essential oils, oleoresins (solvent-free), and natural extractives (including distillates).
EU Symbol:	No signal word, pictograms, hazard or safety phrases required (EU Regulation. 1272/2008 CLP)
EU Indication of Danger:	No signal word, pictograms, hazard or safety phrases required (EU Regulation. 1272/2008 CLP)
EU Risk Phrases:	No signal word, pictograms, hazard or safety phrases required (EU Regulation. 1272/2008 CLP)
EU Safety Phrases:	No signal word, pictograms, hazard or safety phrases required (EU Regulation. 1272/2008 CLP)
OSHA Label:	Not regulated - Not Dangerous Goods
Identifying Markings in Accordance with EC Directives / GefStoffV:	Not regulated - Not Dangerous Goods

California Proposition 65:	Not regulated - Not Dangerous Goods
United States TSCA:	TSCA 8(b) inventory: Persic Oil, refined
Australia (AICS):	Listed - Not Dangerous Goods
EU EINECS/ELINCS List:	273-313-5 Not classified according to EEC directives 67/548/EEC and 88/379/EEC

16. Other Information

Disclaimer: The information contained herein is accurate to the best of our knowledge. Amrita Aromatherapy, Inc.® makes no warranty of any kind, express or implied, concerning the safe use of this material in your process or in combination with other substances.
