	dalety Data Sheet
1. Identification	Delevere Organic Forestick Oil
Product Name:	Palmarosa Organic Essential Oil
Botanical/INCI:	Cymbopogon martini
Synonyms: CAS Number:	N/A
	8014-19-5
Product Uses:	Personal care, Aromatherapy
Manufacturer/Supplier:	Amrita Aromatherapy, Inc.®
Address:	1900 W. Stone Ave., Suite C Fairfield, IA 52556
Phone:	1(800)410-9651 or 1(641)472-9136
Fax:	1(641)472-8672
Emergency Contact:	Poison Control: 1(800)222-1222
2. Hazard(s) Identification	Tree er
Appearance:	Liquid
Signal Word:	Danger
Statement of Hazard:	H227 Combustible liquid
	H315 Causes skin irritation
	H317 May cause an allergic skin reaction
	H318 Causes serious eye damage H412 Harmful to aquatic life with long lasting effects
Precautionary Statements:	P210 Keep away from heat, hot surfaces, sparks, open
recautionary otatements.	flames and other ignition sources. No smoking.
	P233 Keep container tightly closed.
	P264+P265 Wash hands thoroughly after handling. Do not
	touch eyes.
	P273 Avoid release to the environment.
	P280 Wear protective gloves/protective clothing.
	P302+P352 IF ON SKIN: Wash with plenty of water/soap.
	P305+P354+P338 IF IN EYES: Immediately rinse with
	water for several minutes. Remove contact lenses if present
	and easy to do. Continue rinsing. P333+P317 If skin irritation or rash occurs: Get medical
	help.
	P362+P364 Take off contaminated clothing and wash it
	before reuse.
	P370+P378 In case of fire: Use Foam, Dry chemical,
	Carbon Dioxide, B class Extinguishers to extinguish.
	P391 Collect spillage.
	P403+P235 Store in a well-ventilated place. Keep cool.
	P501 Dispose of contents/container in accordance with
	local/regional/national/international regulations.
Aspiration Toxicity:	Category N/A
Skin Irritation:	Category 2
Skin Sensitization:	Category 1
Eye Irritation:	Category N/A
Eye Damage:	Category 1
Acute Aquatic Toxicity:	Category N/A
Chronic Aquatic Toxicity:	Category 3
Flammable Liquids:	Category 4

3. Composition / Information on Ing	redients	·			
Ingredients List: 100% Organic Palmarosa Es					
Component		CAS Number	Weight %	Classification 1272 / 2008	REACH Number
Geraniol		106-24-1	<=85%	FL4, SI2, SS1, ED1	203-377-1
Geranyl acetate		105-87-3	<=10%	SI2, SS1, AC2	203-341-5
Linalool		78-70-6	<=4%	SI2, SS1B, EI2	201-134-4
•	Section 8 for	Exposure Limit	ts)		
4. First Aid Measures	ı				
General Advice:		l attention in case curs. May cause		mfort. Observe risk if swallowed.	of aspiration
Eye Contact:	Remove contact lenses. Flush repeatedly with water for 15 minutes; contact physician				
Skin Contact:	Remove contaminated clothing, wash with water and soap. Contact physician if redness or irritation develop.				
Ingestion:	Do NOT induce vomiting. Rinse out mouth. Do NOT give water or milk unless directed by medical professional. Contact POISON CENTER or doctor immediately.				
Inhalation:	Remove to fresh air and contact a physician if symptoms such as wheezing, coughing, shortness of breath, or burning in the mouth, throat, or chest occur.				
5. Fire Fighting Measures					
Extinguishing Media:	SUITABLE: Foam, Dry chemical, Carbon Dioxide, B class Extinguishers NON-SUITABLE: Water Jet				
Hazardous Combustion Products:	Carbon Dioxide and Carbon Monoxide				
Fire Fighting Procedures: When possible, prevent environmental run-off. Use self-contained breathing					

"Naturally the Purest"		
apparatus and protective clothing.		
Carbon monoxide, carbon dioxide, acrid fumes, smoke, or flammable vapor may be released during oil fires. Flammable liquid and vapor. Vapors are heavier than air and may travel along surfaces to remote ignition sources and flash back.		
Personnel involved in cleanup should wear appropriate personal protective equipment (see Section 8). Minimize exposure. Eliminate all sources of ignition and ventilate area using explosion-proof equipment.		
Absorb spill with non-combustible matter (such as detergentdo not use solvents) and transfer to containers. Clean spill area thoroughly.		
Do NOT allow to enter the sewer or outdoor environment. Place waste in an appropriately labeled, sealed container for disposal. Care should be taken to avoid environmental release.		
Contain and control the leaks or spills with non-combustible absorbent materials such as sand, earth, vermiculite, or diatomaceous earth in drums for waste disposal. Avoid allowing product to reach sewage system or any waterways. Inform respective authorities in case of seepage into sewage system or waterways.		
Avoid contact with eyes, skin, mucous and clothing. Wear required PPE. Observe good hygiene guidelines and general safety practices. Do NOT eat, drink, or smoke when handling. Ensure workspace is properly ventilated. Wash hands after handling.		
Store in tightly sealed glass container, away from heat, light, and other sources of ignition; in a well-ventilated, dry, and cool location. Keep away from strong oxidizing agents.		
otection		
This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region-specific regulatory bodies.		
Extraction or global ventilation. Equipment should be grounded. Provide eyewash station.		
Avoid discharging into sewer or environment. Do NOT eat, drink, or smoke near or after handling product.		
Work clothing worn by personnel shall be laundered regularly. After contact with the product, all parts of the body that have been soiled must be washed		
Wear suitable protective gloves (resistant to chemical agents in accordance with standard EN374) in the event of prolonged or repeated skin contact.		
Avoid contact with eyes. Use eye protectors (safety goggles in accordance with standard EN166) designed to protect against liquid splashes.		
with standard Envioo) designed to protect against liquid spiasties.		
Use protective clothing as necessary, such as a lab coat.		
Use protective clothing as necessary, such as a lab coat.		
Use protective clothing as necessary, such as a lab coat. Assure a well-ventilated work area – Use general face covering
